MESSAGE FROM THE PRINCIPAL

WELCOME TO CORPUS SPIRIT

Corpus Christi College is a community of people who aspire to have a common vision of life, as an educational community, as a faith community and a community of people who value real human growth and hence spiritual growth.

As educators we often see the fruits of our efforts on a daily basis, however, more often than not, the opportunities and experiences offered result in long-term benefits which occur long after the student's direct involvement at Corpus.

This is one reason why we so highly value – and make concerted efforts to maintain and promote – a connection with you, our College alumni. For me, it is always a highlight to have past students return, in some cases in a continuing capacity, to share their talents and

gifts with us in activities such as coaching or sharing their life experiences with classes.

This issue is just one glimpse into our culture for Semester 2 of 2019. Every day, our students and alumni pursue their goals by 'having a go', exploring their passions, and connecting with like-minded peers and mentors.

I encourage you to share your stories and milestones with the Corpus community so we can celebrate together and inspire, not just those of us who have completed secondary schooling, but the students currently studying at Corpus.

On behalf of Mrs Caroline Payne and myself, we wish you a happy and holy Christmas, and look forward to sharing more Alumni stories in the new year.

Frank Italiano
Acting Principal

BUILDING & DEVELOPMENT - THEATRE

THEATRE OPENING

Recently recognised as a joint winner of the Master Builder's Bankwest Excellence in Construction Award, the Corpus Christi College Theatre was officially opened with a special ceremony on Tuesday 27 August 2019.

Dr Debra Sayce, Executive Director of Catholic Education Western Australia, unveiled the plaque to a crowd of distinguished guests and Catholic community members. After Reverend Father Phong Nguyen blessed the building on behalf of the Perth Archdiocese, guests were treated to three student performances showcasing the College's strength in dance, music and drama.

'After recently presenting the dance gala and Disney's *Beauty and the Beast* productions to sell-out audiences – prompting extensions to both seasons – we believe our newest facility has been a resounding success,' said Principal Mrs Caroline Payne.

In addition to seating for 400+ guests, features include bespoke acoustic panelling, an enhanced sound system,

a multi-function hydraulic orchestra pit, and digital LED screens and lighting.

Beyond the performing arts, Mrs Payne explained that the theatre will also support a full range of student activities, allowing all students to embrace a learning philosophy of togetherness, creativity and collaboration.

College Board Chair Darren Cutri lauded the foresight and commitment from all those involved in the project. The College thanked EIW Architects, McCorkell Constructions, Project Manager Patricia Rodrigues and successive College Boards for bringing their vision to life.

We had several Alumni in attendance, including Veronica Santoro, who we have highlighted in our 'Where are They Now' section and who also provided some feedback on the new Theatre:

"It was an honour to be present at the official opening of the new Theatre.

The building itself is simply amazing and we were definitely feeling a bit jealous of the students who will have the opportunity to perform here!!

Amelia and I were lucky enough to have many performance opportunities during our years at Corpus. Personally they were some of my favourite memories of school and a new facility of this standard will just enhance the opportunities provided to students. Now I just hope my kids show an interest in the arts!!"

- Veronica Santoro; Class of 2006

BUILDING & DEVELOPMENT - AQUATIC CENTRE

JUST ADD WATER: CORPUS CHRISTI COLLEGE AQUATIC CENTRE COMMENCES BUILD

Corpus Christi College has commenced construction of the new multi-purpose Aquatic Centre, a much-anticipated indoor facility that will feature an eight-lane, heated 25m pool with a depth of 2m, as well as a 'Learn-to-Swim pool' and tiered seating for 180. The official 'turning of the soil' took place in a special ceremony prior to the College's annual Burgundy, White and Blue sports dinner on Thursday 31 October 2019, with Alumni and the College Board in attendance.

Described as the next stage of the College's current capital development plan, Acting Principal Frank Italiano explained that the building of a swimming pool has been a part of the future vision of the College since the 1990s. With 1,300 students across Years 7-12, the co-educational College has long enjoyed a strong sports culture. After years of utilising pools at local leisure centres, it is hoped the new centre will develop the aquatic skills of all students and facilitate more rigorous training for the swimming and water polo squads.

'I want to acknowledge not just the current board but all the people who've come before,' Mr Italiano said. 'This project has been something that Principal Caroline Payne has been championing for a long time, not only

at the board level but with staff and at the community level. On her behalf, it is a wonderful occasion that we've got to this point.'

College Board Chair Darren Cutri acknowledged the support of the whole College community – all the families that have been and are here as a part of the process, as well as those involved in the planning. Speaking to the importance of Physical Education and the students' high interest in sports, Mr Cutri said, 'It is really important to have great facilities for our students going into the future. I look forward to us winning trophies at the water polo and in the swimming.'

Claire Coten (Swimming Captain, Class of 2017) was bestowed the privilege of breaking ground, and was joined by Mr Italiano, Mr Cutri, Business Manager Sharon Carmichael, 2020 Head Boy Byron Devene, 2020 Head Girl Sophie Steel, and 2020 Sport Prefects Thomas Stephenson and Sophie Jones.

The Aquatic Centre will complete the Dean Road precinct of the College, which already includes the recently unveiled College Theatre, the refurbished James Nestor Centre, the David Heath Community Centre and gymnasium opened in 2016, and the existing hardcourts.

Be sure to check out the Alumni Facebook page for the fly-through of the Aquatic Centre.

Sharon Carmichael, Thomas Stephenson, Sophie Jones, Sophie Steel, Byron Devene, Claire Coten (Class of 2017), Frank Italiano, Darren Cutri

WHAT'S ON AT CORPUS

BEAUTY AND THE BEAST

From August 1-3 2019, we held our whole College production of Disney's *Beauty and the Beast*. Over 90 students acting as cast, crew and musicians were involved and we are so proud of the dedication and talents of all of them. All of our evening shows were sell-outs prompting the addition of a matinee performance. It was amazing to see the energy brought to each show!

We held a competition for our Alumni to win tickets to the shows and received some wonderful feedback about the new theatre and the performance from some of our winners:

"When my sisters and I were at Corpus, graduating between 2004 and 2012, we were all involved in various aspects of music and drama. We participated in different performances in the auditorium, in the theatres of other schools, and other venues."

The new theatre is a wonderful facility that I wish had been there during my time at Corpus! It is modern and contemporary, with sleek lighting features in the foyer. It is the same inside the theatre, with interesting designs and lighting on the walls and comfortable seats that all seemingly have great views of the stage.

The performance of Beauty and the Beast was spectacular. It was hard to believe that we were watching a high school production. The cast were insanely talented and funny, the music was wonderful and the set was amazing. Congratulations to all who worked on the production - it

was a wonderful performance to watch, in such a new and modern addition to the College."

- Sophie Bowen; Class of 2007

"My daughter Lauren and I attended Corpus Christi College's recent production of Beauty and the Beast, with tickets courtesy of the CCC Alumni network.

I had not been back to the College for nearly 25 years and was amazed by the incredible facilities available to current students. Although much of the school has changed since my time as a student there, I was able to point out to my daughter where my year 11 homeroom has been, and some of the places my friends and I used to 'hang out' during lunch times. I recognised the James Nestor Auditorium where the first CCC production of Oklahoma was performed when I was in Year 12.

Whilst the auditorium is still impressive, the new theatre complex is absolutely fantastic! Both Lauren and I thoroughly enjoyed the 'show' and we were really impressed by the quality of the acting and musical performances, as well as the costumes and stage sets. Overall we thought the production was extremely professional.

I was also delighted to catch up with Mr Tony Curtis and his wife Elizabeth during the intermission break; Mr Curtis was Principal at the College during my time as a student. Thank you again for providing us with the opportunity to attend Beauty and the Beast. We look forward to returning to the College in the future to enjoy more wonderful theatre productions."

SPREADING CHRISTMAS CHEER: Corpus Christi College Donates Hampers to St Vinnies Christmas Appeal

Our students are bringing Christmas cheer to local families in need through the generous gift of food hampers.

As part of the College's Christian Service Learning program, students spent the first four weeks of Term Four collecting food donations for the St Vinnies Christmas Appeal, with every homeroom group aiming to complete one hamper each for donation to an assigned family. Student volunteers assisted with sorting through the items that had been generously donated by the Corpus community of students and staff. An impressive 44 hampers were prepared - a feat made possible due to several homerooms collecting enough food for two hampers.

'Each student should be very proud of themselves for helping those in need in our community,' said Ms Katrina Thomas, Christian Service Learning Coordinator at the College. 'A big thank you to all those who have supported and helped with this appeal, especially the homeroom teachers, our St Vinnies Conference here at

Corpus, and the Hamper Helpers from Years 8 and 9. Without you this would not have been achieved.'

Christian Service Learning opportunities encourage students to find ways to meet a need that exists in the community, challenging them to live out the values of the College by forging meaningful connections with the world-at-large. The College looks forward to students keeping up the enthusiasm for ministry in 2020.

For more information on Student Ministry at Corpus Christi College, visit the website: www.corpus.wa.edu.au/student-ministry

Term Three

PEOPLE OF CORPUS

CHRIS CARBONE | PROPERTY MANAGER

Ever wondered what it takes to keep the College grounds and facilities in working order? Property Manager Chris Carbone has been with the College since 2013. Every day, Mr Carbone and his dedicated team busily ensure the College is a tidy and welcoming learning environment for our students. His assistance is key to the success of our capital development and improvement projects. He is a member of MacKillop House, and through his interests outside of work is a shining example of how the people of Corpus give back to the community-at-large.

WHAT DOES A DAY AT CORPUS LOOK LIKE FOR YOU?

Busy cleaning the school and ensuring that the school is safe for the students and set up, ready for events.

WHAT DO YOU LOVE MOST ABOUT WORKING AT CORPUS?

Making the grounds look good.

HOW DO YOU LIKE TO SPEND YOUR TIME OUTSIDE OF WORK?

Outside of work I foster children for the Department for Child Protection and also look after injured wildlife.

MELISSA BAINES | HOUSE COORDINATOR AND HUMANITIES TEACHER

A Corpus alum (**Class of 1999**), Mrs Baines returned to the College as a Humanities Teacher in 2017. In addition to coordinating MacKillop House, she is also dedicated to promoting environmental sustainability at the College, educating us on topics such as climate change, waste reduction, being green and going plastic-free. She organised the recent 'Threatened Species Bake Off' in which staff and students were invited to submit decorated themed cakes for judging. A hot yoga enthusiast, she has facilitated professional learning sessions on spinal health for her colleagues. Whether it's for the well-being of students, staff or the environment, Mrs Baines shows us just what it means to be a responsible global citizen.

WHAT DO YOU LOVE MOST ABOUT WORKING AT CORPUS?

Great students and amazing colleagues.

WHAT IS YOUR FAVOURITE COLLEGE EVENT? WHY?

Inter-house Cross Country. It's a great chance to get outside, everyone participates and you can run/walk with the students.

WHAT IS YOUR FAVOURITE OR DREAM HOLIDAY DESTINATION?

My favourite trip was backpacking around Asia (Cambodia and Myanmar) with family in 2016.

ELISE VITI | TEACHER ASSISTANT

Ms Viti commenced at the College in 2017 as a Teacher Assistant (Special Needs) in our Education Support Centre. Elise brings her enthusiasm to school each day, supporting our students in a variety of classes and activities, and lists Ed Support Camp as a highlight of the calendar. She enjoys working with teachers and staff across the College, including participating in House events as part of Salvado. A professional vocal instructor, Elise recently wowed our College community by singing with the staff band at the Corpus Christi Day Talent Quest, setting a new bar for staff performances!

WHAT DOES A DAY AT CORPUS LOOK LIKE FOR YOU?

Very exciting as every day is different. We never know what challenges or what type of day we are walking into and that is the best part. I work in a happy, healthy, working environment and I enjoy my time with the teachers and staff.

WHAT DO YOU LOVE MOST ABOUT WORKING AT CORPUS?

The students! They make me so happy.

FUN FACT/S ABOUT YOURSELF?

I am a singing teacher, teaching Voice and Piano for 10 years now. I have also been a dance teacher for 8 years.

JAMES DOVE | HEAD OF ARTS

Mr Dove joined Corpus Christi College as our Head of Arts in 2013 and has been a driving force ever since. Overseeing a Learning Area that encompasses the various Arts disciplines – performing and visual – he works with a dedicated team of

staff to offer students a dynamic learning environment where their talents can be nurtured. His approach as an Apple Distinguished Educator is forward-thinking, and he truly understands the courage required to embrace one's creativity, having acted for many years in professional theatre and TV in England before becoming an educator. Mr Dove also helped consult on the design of our new theatre and refreshed facilities, ensuring all students can benefit from these spaces. As the saying goes, 'All the world's a stage' – in if doubt, ask Mr Dove for direction!

WHY DID YOU BECOME A TEACHER?

My journey was an interesting one. I was a professional actor in England for five years – mostly professional theatre and TV. With every event I tended to get asked to lead professional PD or Education programs. So I took the risk and attended the Central School of Speech and Drama and became a teacher of Drama. To answer the question: I have a strong belief that everyone has a talent and a place in cultural and spiritual development. The more we connect to each other, the greater our spirit grows. Being creative takes real courage. So for me teaching was a real extension of why I went into the Arts in the first place.

WHAT IS YOUR FAVOURITE COLLEGE EVENT? WHY?

I think all College Arts events each have their own quality. We work extremely hard to ensure that each event reaches their perspective outcomes. But if pushed, my favourite has to be the Interhouse Play. I love the fact that it is student led and such a great vehicle for finding untapped talent.

HOW DO YOU LIKE TO SPEND YOUR TIME OUTSIDE OF WORK?

With my family first and foremost, and second, DJ'ing for RTRFM on Soulsides and Rock, Rattle & Roll. I am also on the board of DramaWest.

WHERE ARE THEY NOW?

ANTHONY SPAGNOLO | CLASS OF 2005

At Corpus Christi College, our mission is to be a Catholic community committed to empowering every learner to serve and enrich our changing world. In an increasingly globalised world fraught with socio-political and economic challenges, it's important more than ever to connect with the communities beyond our neighbourhood and borders.

Anthony Spagnolo (Class of 2005), Senior Advisor to federal Finance Minister Senator Mathias Cormann, learned about the world in depth when he completed a double degree in Commerce and Arts at the University of Western Australia, majoring in Accounting, Corporate Finance and Political Science & International Relations. But even before graduating university, Anthony felt called to go beyond the pages of a textbook:

'I've always been both a problem solver and a community-oriented sort of a person. My quest to connect with people from a diverse range of backgrounds, to understand and empathise with their sentiments and expand upon my ability to solve problems took me on a journey to West Africa as a Christian missionary in 2009,' he explained.

This undertaking to serve, connect and discover is echoed in the College's immersion programs to Cambodia and Beagle Bay, where students have a unique opportunity to contribute to the local community whilst also nurturing their own spiritual and cultural growth. The life-long benefits of Anthony's decision confirm that such experiences – whether taken up while at Corpus or at a later stage of life – are well and truly worth it.

Anthony says, 'Being able to mingle in the midst of locals for three months in a remote village, seeing the world the way they do, and developing the ability to show empathy to situations we, in the developed world, almost never go through remains in my eyes to be an experience I cherish since graduating from Corpus Christi College. That was a life changing experience that has taught me many things a conventional education often struggles to. I was able to import the lessons from that journey in to my professional and public service pathways that I have dabbled in ever since.'

In June of this year, Anthony took up a promotion to his current position, where he works directly on the Federal Budget, prepares advice for Cabinet and the Expenditure Review Committee, and negotiates and delivers policy with the Prime Minister's and Treasurer's senior staff. With government directives affecting millions of lives, it's a role where empathy and problem-solving can go a long way.

His advice for current Corpus students? 'Every student identifies subjects we're taught at school as either "fun" or "boring". The one piece of advice I would love to give Corpus students is to never ever underestimate the value of things you might think right now are boring. I used to be like that with a few subjects. It's not until you leave school and take a deep dive into the real world that you realise how lucky you were that the curriculum included such a diverse range of education options. High school years are the best of your life and we ought to never take for granted the true scale of wisdom we can acquire in those years, especially at a school like Corpus Christi.'

VERONICA SANTORO | CLASS OF 2006

At Corpus Christi College, we believe in providing a well-rounded education that sets up our graduates to be lifelong learners and global citizens. Veronica Santoro (Class of 2006) is an example of someone who has embodied the Corpus learner profile, exploring her talents and interests after graduation and becoming a worldly, accomplished member of society.

Veronica took up many of the opportunities on offer during her time in high school. She was a member of Chamber Choir, an inaugural member of the Barbershop group, played in the Guitar ensemble, and travelled to Singapore on a Music tour. She participated in several Catholic Performing Arts Festivals, receiving the shield for Best Vocal Solo (Secondary) in Year 10, and in Year 11 played the lead role of Dorothy in the College Production of *The Wizard of Oz*. With such enthusiasm and commitment, it should come as no surprise that she went on to serve as both Music Captain and a House Captain in Year 12. In addition to being awarded Colours for Music, Veronica received the Sequere Dominum Award – one of the College's highest honours.

After graduation, Veronica went on to complete a Bachelor of Pharmacy at Curtin University, which led to her working as a Clinical Pharmacist at Royal Perth Hospital and assisting in the set-up of the Pharmacy department at the new St John of God in Midland. Recently, she also completed a postgraduate diploma in Clinical Pharmacy from the University of Tasmania.

While pursuing her career goals, Veronica still kept up her interest in Music and performance. She took on lead roles with the Gilbert and Sullivan Society of WA, performed in recitals with Art Song Perth, and completed her AMEB Singing exams. In 2013, she travelled to Italy for a summer in Florence learning and performing Bel Canto (Italian operatic singing). On winning a performance award during this trip, she was flown to New York State for further recitals where she was able to showcase her God-given talent. Not done quite yet, and knowing she was able to give back to the community, she then organised a recital in Perth on her return, successfully raising funds for the Leukaemia Foundation.

Beyond work and performance, Veronica has taken the time to travel the world and immerse herself in these experiences. She lived in London for a period shortly after getting married in 2015. She now has two boys – a three year old and one year old – whom she describes as 'beautiful' and 'energetic'. She has recently returned to work after maternity leave and is enjoying motherhood.

On reflecting on her journey so far, Veronica says she feels 'truly blessed' by the opportunities she's had resulting from her education. At Corpus, we are invested in the personal, professional and spiritual growth of our community members, and it's updates like Veronica's that affirm our College's mission. Each student is more than just one talent, one interest, one goal – there is much to life beyond secondary education, and we look forward to seeing what our alumni achieve next!

Veronica (left) with sister Amelia (Class of 2010) at the College Theatre Opening, as featured on page 6.

SUBMISSIONS | ALUMNI STORY CALL OUT

We love sharing our Alumni achievements and milestones. Whether you run a successful small business, celebrated the birth of a child, or are achieving success in your chosen field - we want to hear about it!

For inclusion in one of our issues, please provide us with relevant details and photos, as well as your graduating year. Articles will be posted as space permits. All alumni related communications can be sent through to: communications@corpus.wa.edu.au or by filling out the following survey: www.corpus.wa.edu.au/alumni-survey

PETER HO | CLASS OF 2017

During his time at the College, Peter Ho immersed himself in the Arts, which led to his role as Arts Captain and receiving College Colours for Drama in his final year.

As Peter reflects on his time at Corpus, he declares that, 'Every production I did has a special place in my heart as they all helped me discover my love for the arts. However, the production of *Guys and Dolls* in 2016 will always be a favourite, as it was my first every musical. It's not every day where I get to play a charming, cool and slick character like Sky Masterson. Mainly, it was the best learning experience to get to perform with my friends and to work with Mr Dove (featured in our 'People of Corpus' on page 15) and music teacher Mr Harries, introducing me into the world of Musicals; changing my path in life.'

Upon graduating, Peter decided to spend his first year out of school undertaking part-time study at Curtin University, with his main goal being to train for an audition with WAAPA at the end of 2018.

Part-time study gave him the opportunity to work towards his goal, using his spare time to take dance classes, vocal lessons and gain further stage experience by performing in plays and musicals. He featured in *VERGE*, a student written, horror/thriller play at Curtin and was a supporting lead in the musical *Be More Chill* with Phoenix Theatre Company. The latter was submitted and performed at the Fringe Festival in late January 2019. Being involved in the festival was an eye-opening experience both into the industry and the arts community in Perth. The experience confirmed his love for acting & music theatre and wanting to chase his dreams of a career in the industry.

At the end of the 2018, Peter's dedication paid off, with a successful audition and acceptance into the Diploma of Musical Theatre for 2019 at WAAPA. It was a one-year, full-time course where he honed his skills and worked harder than ever before. He shares that he 'met a wonderful group of friends and teachers who helped me to further establish the skills I needed to achieve my goal for 2019: to get into a Bachelor course.'

Recently, Peter put all of his hard work to the test and auditioned for four drama schools across Australia. He was fortunate enough to receive an early offer to study at Elder Conservatorium of Music in Adelaide, and finally an offer at WAAPA, achieving his ultimate goal of getting into a Bachelor Course of Music Theatre for 2020. As one of the most challenging Performing Arts places to

attain in WA, this accolade is a testament to his talent and potential. By setting a goal and mapping out how to get there, Peter showed that perseverance and self-belief can be as important as raw talent.

Peter acknowledges, 'All these achievements and goals I've reached, I couldn't have done it by myself. I'm forever grateful to have met all the teachers, coaches and friends who have helped and who will continue to help me for the next few years. Yes, it takes individual practice and hard work, but the community, learning from others and sharing in the experience with others is invaluable.'

Peter performing in the 2016 College production *Guys and Dolls*

ALUMNI UPDATES

> On September 22 2018, **Cassandra Choo (nee Endris), Class of 2008**, married Nick Choo in a ceremony at Corpus Christi College's local parish - St Thomas More Church in Bateman. Cassandra and Nick then celebrated with a reception at Matilda Bay Restaurant.

> Congratulations to **Gracie Drennan (Class of 2016)**, who is a recent South Metro TAFE fashion graduate and had one of her designs shown at Perth Fashion Festival's Future Runway show in September.

> An outstanding effort by **Dr Mark Hackett (Class of 2002)**, who has been awarded a Future Fellowship from the Australian Research Council for 'Delivering new tools to visualise how changes to blood vessels during ageing affect the amount and distribution of metal ions in brain cells' at Curtin University's School of Molecular and Life Sciences.

Mark received a letter from the Minister for Education acknowledging that his proposed research program would 'make a valuable contribution to Australia's knowledge base, along with our nation's prosperity'.

The full article announcing his grant can be viewed here: <https://news.curtin.edu.au/media-releases/curtin-scientists-recognised-as-future-leaders-in-research-innovation/>

> Thank you to the Alumni from the **Class of 1999**; **Damian Chandler (current Corpus teacher), Matthew Cremin, Phillip Gazzone, Colin Johnston, Anthony Pintaudi, Rowan Platel (current Corpus teacher) and David Van Gentevoort**, who returned to the College as part of the Year 11 Pastoral Program earlier this year. A lot has changed since their time at Corpus and the Year 11 boys were given the opportunity to ask them questions about study, careers, life, relationships and future pathways.

> Corpus alum **Brandon Matera** (pictured page 13) from the Fremantle Football Club was a special guest at our 7th annual Burgundy, White and Blue Celebration of Sports Evening on 31 October 2019. He was joined by MC Karl Langdon and WAFL umpire Gabby Simmonds, and participated in an insightful and interactive Q&A session, which inspired many of the talented Corpus athletes being recognised at the event. Thank you for coming along Brandon!

Cassandra (Class of 2008), with husband Nick on their wedding day

Class of 1999 mentors, visiting current Year 11 students

Mark (Class of 1999) with current Visual Art students

> During Term 3, artist **Mark Tweedie (Class of 1999)**, conducted a five week workshop with our Year 10 Gifted and Talented Visual Arts students.

Over the five weeks, students participated in a variety of guided workshops sessions and demonstrations focusing on portraiture. Using a variety of drawing and painting styles, students explored charcoal, drawing and painting to create their final composition. The program is designed to enhance their current curriculum art practice and it will also provide valuable workshop time to explore contemporary styles of artistic expression.

EVENTS & NOTICES

Class of '99 - 20 Year Reunion!

REUNIONS | EVENT DETAILS AND PHOTO CALL OUT

Are you planning your graduating year's reunion? We'd love to help get the word out!

We can also assist with venue recommendations and ticket sales for your event, as well as sharing photos with the community after the event.

For inclusion in the next issue of *Corpus Spirit* and promotion through our channels, please provide details of the event, as well as your graduating year. All alumni related communications can be sent through to:
