# MESSAGE FROM THE PRINCIPAL

---

## Welcome to the inaugural K-12 issue of Corpus Spirit.

The amalgamation of Yidarra Catholic Primary School and Corpus Christi College on 1 January 2022 has brought together two rich and vibrant learning communities with a common focus of providing the best possible learning environment for students, ensuring the development of the whole child as they seamlessly transition through the school.

I am very privileged to fulfill the role of Principal at Corpus Christi College and look forward to embarking together on the next chapter of our remarkable story.

Our focus to date for 2022 has been the ongoing development of our College Vision, Mission and Values, which will guide our future growth and direction as a K-12 College.

In continuing the excellent community consultation process undertaken last year, we have appreciated the generous input from families, students, and staff to help establish the following core underpinning philosophies of the school:

### VALUES

In being **compassionate, courageous and committed**, we work together to shape a Christ-centred community that focuses on the development of our students as whole persons.

### VISION

In being **outstanding for others**, we also aim to be counter cultural and to challenge the status quo when we know that it does not reflect the type of world that Jesus envisaged. In being compassionate people, we stand out and act through compassion and in the knowledge that we are living out our values in a genuine way.

### MISSION

Our Mission is our purpose. It is the way that we function each day as we strive toward our vision of being outstanding for others. As a progressive Catholic school, we innovate in the desire to best prepare students for their future world. We understand the dynamic nature of the current global landscape and therefore aim to provide a contemporary, holistic, skills based learning environment that develops a sense of agility in our students to thrive in their exciting life-long journey.

The Corpus Christi is the Body of Christ. We are one school, one community, one body in Christ, with each part having a very special role to play. Our Mission therefore extends to us seeing the needs of all of our students and creating an environment that allows them to shine.

We value the uniqueness of our students and celebrate their individuality. It is our mission as a K-12 Catholic school to constantly explore ways that we can personalise the learning, care and faith development journey for all of our students. We see our students for whom they are and the gifts that they bring and therefore always aim to offer pathways and opportunities to promote student growth and success.

We are very excited to outline our Vision, Mission and Values as K-12 College and look forward to bringing them to life as we continue to strive to provide the best possible learning environment for our students.

I look forward to updating you further in the next issue of Corpus Spirit, to be released at the end of 2022.

**Jeff Allen**  
Principal

---

## LEADERSHIP OPPORTUNITIES

With our Year 7 Student Leaders newly announced, we thought we'd share more about the many opportunities our students are offered to develop their leadership skills and gain experience in their areas of interest.

The various roles allow students to take on the responsibility of leading a portfolio, thereby encouraging them to actively connect with peers to foster a sense of community and build participation – key to ensuring we enjoy a vibrant, inclusive atmosphere in all aspects of College life.

### STUDENT LEADERSHIP TEAM (YEARS 6-12)

#### Prefect Committee (Year 12 only)

The central student leadership body is the Prefect Committee which is made up of the Head Boy, Head Girl, House Prefects, Arts Prefects, Stewardship Prefects, Student Ministry Prefects and Sports Prefects. The Head Boy and Head Girl are responsible for its leadership and management. Members of the Prefect Committee work with teams/committees of students in their specific areas of responsibility.

#### House Representatives (Years 6-12)

House Committees will include representatives from each Year group. There will be a separate House Committee for each House. The respective House Coordinator will be the guide and mentor.

#### Area Representatives (Years 7-12)

The following Secondary leaders (usually two from each year) will be selected for their abilities and leadership qualities in those areas. Their mentor will be a staff member from their area.

- Arts Representatives
- Sport Representatives
- Ministry Representatives
- Stewardship Representative

## OTHER OPPORTUNITIES FOR LEADERSHIP

### Inter-school Captains (Year 6 and 12)

Senior students who have excelled at the Inter-school Carnivals throughout their time at the College and shown traits such as grit, resilience, self-discipline, integrity, respect and care may be chosen to lead our Inter-school teams at the Swimming, Cross Country or Athletics Carnivals.

### Sports Team Student Coaches (Senior Students)

Senior students are invited to assist with coaching of the junior teams within their area of expertise.

### Sports Team Captains (Senior Students)

Some students may be given an opportunity to be the captain or vice captain of their chosen sports team. Nominees are chosen based on merit and in most instances will be from the most senior year on the team.

### Arts Captains (Year 12)

Year 12s are given the opportunity to nominate for a role as the captain of their chosen area of expertise - Dance, Drama, Music, Visual Art.

### Tour Guide (Years 6-12)

Students are invited to nominate as a College 'Tour Guide' on our College Tour and Open Days. This role includes taking prospective families on a tour of the College grounds, while answering any questions they have about the facilities and life at the College.

## NOMINATIONS FOR LEADERSHIP

Opportunities for nominations are advertised via the Heads of Year for Secondary and teachers for Primary. Students will be informed if/when interviews for the various positions will occur.

While this list is not exhaustive, it does provide a useful insight into some of the many opportunities available at the College. If being a student leader is of interest to you, be sure to nominate when the time comes!

# WHAT'S ON AT CORPUS

## 2022 DANCE GALA

The 2022 Dance Gala was held over two nights at the end of Term 2. This year's theme was Pilgrimage. A pilgrimage is a journey, where we leave behind what is comfortable and known in pursuit of something new – where we discover meaning, purpose, value and truth.

Often in the Arts we hear it said that it is the process and journey of creating that is of importance, not the

end product. The students have embraced these ideas and created meaningful compositions that explore new ways of moving, collaborating, creating and making.

The audience was kept entertained by the outstanding display of talents we have here at the College, with our performers ranging from Year 7 through to 12.

We congratulate everyone involved on their dedication and efforts in the lead-up to these shows.

## LINDA MACDONALD

HEAD OF LANGUAGES  
(SECONDARY)

Having joined the College in 2020, Linda MacDonald works as the Head of the Languages Learning Area.

Raised in a family where professions that serve the community were encouraged, especially in education and health, Linda explained that she would “play schools” and dreamed of becoming a teacher when she was a child.

Fast forward to today, we now see that she was able to combine her thirst for learning with her command of multiple languages to make that dream come true!

### TELL US ABOUT A GROUP OR CLUB YOU HAVE BEEN INVOLVED IN?

Languages Club is a great way for students to come together for activities that we may not have time for in the classroom.

We cook, listen to music, dance, create art/craft, virtually “travel” and more! Students can also attend sessions for languages that they are not currently studying at Corpus, so there are opportunities to learn about other languages and cultures.

### WHAT IS YOUR FAVOURITE COLLEGE EVENT, WHY?

Languages Week! It is a time for the Languages Learning Area to showcase what we are about and to give staff and students opportunities to get involved in language, culture and to have fun.

### DO YOU HAVE ANY HOBBIES?

I pick up new hobbies all the time! Currently, my hobbies are Wordle, watching animé, and learning ballet as an adult. Tennis and board games are old favourites and every now and then, I pick up my guitar and try and remember how to play (usually not very well).

Learning languages continues to be both a hobby as well as a professional pursuit for me. I speak Italian, French, Portuguese and have recently become inspired to start learning Japanese. Learning a new language can be challenging but it is worth it and definitely something I would encourage everyone to do.

## ROSEMARY PAPARELLA

HEAD OF PRIMARY

To our Head of Primary, Rosemary Paparella, what she holds dear and seeks to live up to is found in the Gospel of John - “And whoever sees Me sees the One who sent Me.” (John 12:45)

Having begun at the Primary School in 2014, what she now loves most in her role is watching the unlimited opportunities for growth and change for everyone - students, staff and parents alike.

### WHY DID YOU DECIDE TO BECOME A TEACHER?

For me, the best reason to be a teacher was wanting to have a positive, inspiring impact on children’s lives. We achieve this by being kind, caring, empathic, passionate and dedicated. These are the qualities that I aspire to possess and bring to the students I teach and the people I work with.

My Vision for Learning is for children to know they are a child of God and develop the dispositions of curiosity, collaboration, confidence, creativity and commitment with enthusiasm, persistence, imagination and reflectiveness.

### HAVE YOU MANAGED ANY GROUPS/CLUBS/TEAMS, OR ATTENDED ANY TOURS?

I have managed the enrichment program at the school - formerly known as the YEP kids. I also run a Chess Club at lunch times during the winter months.

I have had the privilege of conducting the school tours at Yidarra for many years - always eager to share the story of community and learning that made it such a lovely school to grow within. Now I look forward to continuing to share the story of excellence that is Corpus Christi College Primary School.

### DO YOU HAVE ANY HOBBIES?

I enjoy cooking - inventing recipes and dishes. I find it most rewarding to cook for others and believe that, when eating with friends and family, we strengthen community bonds and build important friendships. It allows us to take time to laugh, share stories, and enjoy each other’s company over a delicious meal.

# WHERE ARE THEY NOW?

## REBECCA PERRIE (NÉE KILLEN) CLASS OF 1997

We recently interviewed sports reporter, presenter and producer at 10 News First Perth, Rebecca Perrie (nee Killen) from the Class of 1997.

The sports enthusiast has had a fruitful career since her time at the College, with many professional highlights, including covering several Ashes series and interviewing her childhood hero, surfing world champion Kelly Slater! It is no surprise to hear that Rebecca loves her job.

When asked if the subjects she pursued in high school translated to her career she said, "Absolutely!"

Rebecca went on to describe how her favourite subjects were Year 11 English with Ms Ruddy and Year 12 English with Mr Martino, sharing that, "both teachers inspired me with their zest and enthusiasm for story writing and I just remember having fun in their classes by being given the freedom to be creative".

She also attributed her Year 11 and 12 Drama classes, from which some of her favourite school memories of participating in the productions are from, as having helped with her confidence in front of the camera.

After graduation, Rebecca went on to study a Bachelor of Arts (English) with a double major in Journalism and Film & TV at Curtin University.

She admitted, "I persisted (pestered the sports team!) with work experience at Channel 10 through uni and annoyed them into giving me a job eventually, which started with a traineeship in 2001". She also worked in radio news and sport at 6PR, Triple M and Nova, before her current role as a sports reporter, presenter and producer at 10 News First Perth.

Rebecca simplifies her job down to her two favorite things - watching sport and writing stories. She describes her days as varying, but that they usually entail "going to footy training, interviewing inspiring from a variety of sports, and covering sporting events and their lead-up.

I work with a great team to create story ideas, arrange, and conduct interviews and produce vision, write, and edit stories - and on occasion - I sometimes present the sports bulletin too!"

Rebecca in the newsroom and with daughter Ava at the College.

In terms of life achievements, Rebecca shares, "my greatest personal achievement is our three daughters and my greatest individual achievement is writing an as-yet unpublished children's novel".

With her eldest daughter having commenced at the College in 2022 and her two other children soon to follow, we asked Rebecca how much influence her own favourite memories from school, which included the great people and of course, the sport - watching the Quit Cup footy team success (which included Josh & Matt Carr and Simon Black who went on to AFL careers), had on her decision to send her children here.

"I'll admit I felt a sense of home when I came back to the school for a tour when considering options for our girls (this may have been because the first thing I saw was Mrs Farrington's beaming face - she was my Year 9 homeroom teacher)!"

She explained, "as a family, we could see that the school was going to embrace children as individuals - those good at sport, children who had an interest in the arts or technology, as well as those academically gifted. Which brings me back to the importance of finding something to do with the rest of your life that you truly enjoy.

We could see with the attitude of those at the school tour and families with children at the school already - that this would be not only possible at Corpus, but a clear focus in their high school journey," she concluded.

Leaving our students with once piece of advice, Rebecca shared, "I implore high school children to follow your dreams and choose to do something you love - chances are you can find a career in it!"

# WHERE ARE THEY NOW?

---

## YVETTE KELLY (NÉE O'REILLY) CLASS OF 1987

A member of the first cohort of students, Yvette Kelly (née O'Reilly) has witnessed firsthand how the College has transformed over the years.

Beginning her school journey upon the establishment of Corpus Christi College in 1983, Yvette graduated in 1987, with her three other siblings also coming through the College between 1983 and 1999.

Today, her children are themselves undergoing their own path here at the College.

"Corpus has been part of our family since it started," Yvette said.

"My parents along with many others helped at the first busy-bee back in the 80s."

Yvette explained that because she loved her time at the College, she thought it was a great legacy to pass on to her children and an experience of the same school to connect over and share together.

"My siblings and I all went to school there and now my kids are there - It's been a real blessing to see how the school has transformed and grown from its very beginning, and to still be a part of its story," she said.

Yvette with children Hamish and Millie.

"Watching the school grow has been incredible - I can't believe the facilities that they have now and will admit I am more than envious of what options there are available.

"It's wonderful to see what is on offer for the students today, the support they provide and the values they teach.

"When you look at where the school started, six classrooms, a library, an admin block, the woodwork/

home economics block and the original tennis court/netball area to what they have now, the growth is impressive," she said.

Now working as a payroll analyst for a payroll outsourcing company, Yvette loves the challenges that come with her role, though it was one she never expected she would be in.

"Working as a Payroll Analyst was definitely not what I thought I would end up doing, as I went off to study nursing after high school," she explained.

"But while I love the theoretical side, a nurse fainting at open wounds is not a good idea!"

However, she explained that researching and investigating are skills she gained at school and has utilised every day since.

Reflecting on her time as a student, Yvette said she holds many fond memories.

"Being the first group of students, I think we formed a close bond and I have loved our reunions with these incredible people."

Other fond memories that come to Yvette's mind are of the Cross-Country races (which involved running through Piney Lakes Reserve when it was still bushland, with sand hills, logs and snakes), as well as some of the teaching staff.

There was one teacher in particular from her era that remains at the College to this day.

"Mr Andre Papineau was there in my time and is still there! I was so happy to see him when I turned up on my son's first day.

"He has a great sense of humour and a beautiful soul - I think he has touched many students lives for the better," she said.

On what advice she would give to students today, Yvette had two points to take away.

"The first- and there are lots of memes with this sentiment, 'listen to your parents, they passed high school without Google'.

"Sure, times and technology have changed, but your parents know more than you think.

"The other thing I'd tell students is to embrace any opportunity you can, laugh often, work hard and let people know you care," she concluded.

# WHERE ARE THEY NOW?

## ANIKA KALOTAY & SERENA PANGESTU CLASS OF 2010

Fulfilling a dream that began in their years at high school, close friends Anika and Serena now run their own business.

Graduating together in the Class of 2010, the friendship that began in Year 10 at the College evolved into a business partnership, which sees them use their life experience and eye for design in running Kura Studio.

We spoke to Anika and Serena about their journey.

**What have the years since you both left Corpus looked like and where did the inspiration for Kura Studio come from?**

Our inspiration for Kura Studio stemmed from our high school dream of starting a creative business and working together towards a common goal.

After high school, we both studied Architecture at Curtin University where we learnt about the fundamentals of good design.

We decided to take a gap year after completing our degrees and were lucky enough to be given the opportunity to work for our tutor's architecture firm for a year.

We learnt about the realities of the working world and experienced architectural theory being put into practice.

Following the year of experience at the firm, we both decided to continue our studies and took up our Masters of Architecture at UWA.

During this time, we also went on multiple road trips around Indonesia where we learnt about traditional craftsmanship as well as industrial manufacturing.

We were exposed to the many ways you could accomplish design even if you decided not to go down the traditional route of working in the architectural industry.

This was really encouraging to us both as we graduated from our Masters during an architectural downturn - It felt like the perfect time to take a side-step, take the risk and start our own business.

**Could you explain in more detail the work you do at Kura Studio?**

Kura Studio is ultimately a lifestyle brand that promotes good design whilst encouraging a more mindful lifestyle.

**Serena (left) and Anika (right) in the studio.**

We each started by exploring these concepts through both painting and through woodwork.

We would take prints and hand carved timber spoons to the markets and receive all important feedback from the public about what we were doing, which encouraged us to think 'what else could we do'.

It wasn't until after we took a ceramics short course that we saw the potential in making small batch, specialty ceramic homewares to bridge the gap between cheap mass-produced homewares and high-end luxury goods.

**How has your friendship together evolved since Corpus days until today?**

We have been close friends since Year 10 and have always shared very similar passions and wants from life.

Working together as both friends and business partners has left us feeling very fortunate to be in this position.

### What are you most passionate about in the roles you're currently in?

We love that we're working towards something we both truly believe in. As owners of the business, having full control and responsibility over Kura Studio also gives us an authentic sense of purpose.

### How did the subjects you pursued in high school translate into your career?

We were both creative during our childhood and this was further explored in high school Art.

Our teachers Mrs Lynch, Ms Pannell and the then art technician Tricia were always very supportive of the both of us and gave us ample opportunities and responsibilities that helped shape us to be the people we are today - which included being joint Art Captains in our graduating year at the College.

### What are your hopes for the future for Kura Studio?

We hope we can continue providing and promoting good design to the world and for people to see how buying once but buying better can positively impact their lives.

We have dreams of running a shop-house one day to serve the community and maybe host workshops to share our skills and knowledge with the community.

### What advice would you share with Corpus students?

Follow what you love to do and let it naturally lead you toward a passion.

Once you find something, be disciplined enough to work hard but also reward yourself with breaks and down-time to keep you inspired.

If you're struggling to find your passion, it's helpful to ask yourself what solution to a problem in the world you want to be a part of - this will help give you a sense of purpose.

To learn more about Kura Studio visit:

[www.kurastudio.com](http://www.kurastudio.com)

Or follow them on their social media:

## SUBMISSIONS | ALUMNI STORIES AND UPDATES

We love sharing our Alumni achievements and milestones. Whether you run a successful small business, have recently been married, had a child or are achieving success in your chosen field, we want to hear about it!

For inclusion in one of our issues, please provide us with relevant details and photos, as well as your graduating year. Articles will be posted as space permits. All alumni related communications can be sent through to: [alumni@corpus.wa.edu.au](mailto:alumni@corpus.wa.edu.au) or by filling out the following survey: [www.corpus.wa.edu.au/alumni-survey](http://www.corpus.wa.edu.au/alumni-survey)

# ALUMNI UPDATES

## Generations of Corpus

### THE KELLYS

Melissa Kelly (née Miller) graduated from Corpus in 2000 and now works as a teacher at the College herself, with her daughter Lucy commencing at the College this year too.

In fact, her husband Damien is a member of the Class of 2000 as well.

Melissa says she has many fond memories of school, mostly from the Music and Art departments as that's where she spent most of her time.

"It's a little surreal to be back as a teacher, however I have great pride in being a Corpus alumnus, so being a teacher here is now the icing on the cake."

"Whenever I move around the school or enter a new classroom, I have flashbacks of memories from my own time as a student. I had Year 11 English in F01 and remember sitting under the tree outside to read a book one lesson after lunch."

Melissa says both herself and Damien are happy to have their daughter at the College and love being able to share this unique experience together!

**Melissa MILLER**  
 Merit Award in Religious Education 1999, Music Service Award 2000, Peers support 1999, Netball 1996-97, Junior Band 1996, Intermediate Band 1997, Senior Band 1997-00, Singapore Music Tour 1998, Clarinet Ensemble 1998-00, Swing Band 2000, 'Dark of the Moon', 'Midsummer Night's Dream' 1998, 'Muriel's Wedding', 'Much Ado about Nothing' 1999, 'Wolfstock', DRAPT 2000, Easter Paratitury 1999-00, Ambition: Business/Media

**SHARLENE BROUGH**  
 To be happy with what I have and to succeed in life.

**Niamh LYNAM**  
 Merit Award Religious Education 96, Australian Maths Competition Credit 94-96, Social Representative 98, Student Councillor 96, House Vice Captain 97/ Captain 98, ACC Swimming 94-98, Runner up Champion Girl 96/97/ Cross Country 94-98, Runner up Champion Girl 95-98/ Athletics 94-98, Captain 98, Champion Girl 95/97/ Netball 97, CCG Netball 94-97/ Volleyball 97, Special Minister of the Eucharist, Peer Support Leader, Ambition: Pharmacist

### THE HAYES

Graduating in the class of 1988, Sharlene Hayes (née Brough) says her time at the College was amazing.

Now her son Alex attends the College in Year 10, having joined as a Year 7 in 2019.

"Over the years, I have watched the College grow and it's so wonderful to be back at Corpus watching my son enjoy the College as much as I did!"

### THE WILBRAHAMS

Niamh Wilbraham (née Lynam) was House Captain of Winthrop (Green) during her time at Corpus Christi College, graduating in the Class of 1998.

Fast forward to 2022 - her daughter Clodagh has joined our Year 7 cohort in Salvado House (Green) this year!

Looking back at their yearbook entries. L-R Melissa Kelly (NEE Miller), Sharlene Hayes (NEE Brough) and Niamh Wilbraham (NEE Lynam).

# ALUMNI UPDATES

## Success Stories

### KATE RASTON

**Kate Raston** from the Class of 2012, an accomplished health promotion practitioner, is the co-founder of 'We Are Womxn' and an educator of female adolescent health. As a dedicated champion of women, Kate has devoted her career to advocating and supporting young women to feel empowered in their bodies.

Graduating from Curtin University with a Bachelor of Science (Health Promotion) in 2016, Kate has had many career highlights, including:

- Meeting with the Minister for Women's Interests
- Feature stories on radio, television and newspapers
- Working with over 3,000 high school girls across WA
- Working with Edith Cowan University and the University of WA
- Partnering with Man Up Organisation
- Funded to deliver programs across the Pilbara region

Well done, Kate!

### HOLLY FORSTER

Class of 2020 graduate **Holly Forster** was recently named as a finalist in both the Generations in Jazz Vocal Scholarship and the James Morrison Jazz Scholarship. Qualifying as a finalist for both scholarships is a feat that has not been achieved since 2009.

The Generations in Jazz (GiJ) Vocal Scholarship recognises excellence and is open to jazz vocalists 21 years of age and under. The James Morrison Jazz Scholarship recognises outstanding achievements in jazz instrumentalists aged 19 years or younger.

Holly travelled to South Australia to sing and play the alto saxophone at the GiJ Gala Concert. The finalists each performed two pieces in front of a live audience and an adjudication panel that included James Morrison, Megan Washington, John Foreman and Darren Percival.

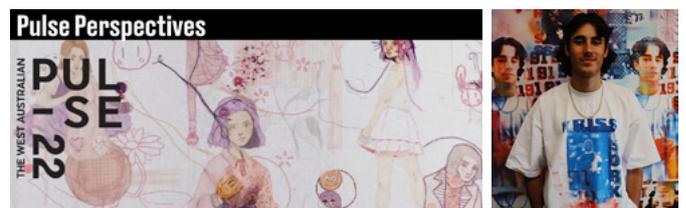

Image Credit - Adam Johnstone

### LUKE CHAPMAN AND SOPHIE KOSTKOVA

Class of 2021 graduates Luke and Sophie both had artworks selected to be on display at the Art Gallery of Western Australia as part of the annual Pulse Perspectives exhibition. This showcase features 49 works by talented Class of 2021 artists from 32 WA schools.

Sophie's artwork was also chosen as the image used to advertise the exhibition.

Well done to them both!

Sophie's artwork (left) and Luke's (right).

# ALUMNI UPDATES

## Announcements

### PUBLIC SPEAKING NIGHT

On the evening of Wednesday 29 June we held our annual Public Speaking Competition Night. Years 7-12 public speakers addressed their families, friends and the College community with prepared speeches on a range of fascinating topics. This event was an opportunity to put their skills to the test in front of a large audience in an atmosphere of friendly competition.

We thank our Public Speaking Alumni for returning to the College once again as our guest adjudicators.

It is wonderful to see so many alumni giving back to the College community each year at this event.

### ACC CROSS COUNTRY

Well done to our Secondary runners who competed at the ACC Cross Country Carnival in Term 2.

It was fantastic to have the experienced Class of 2021 captains **Cade Ravlich** and **Carly Pizzuto** on the day, as well as at the Inter-house Carnival and in the lead up for training support.

Thank you for coming back and sharing your knowledge!

### SCHOLARSHIP WINNERS

We congratulate 2021 Year 12 Graduates **Ella Waddy** and **Sanjeev Singh** who were awarded Curtin University's Julia Gillard Women in Leadership Scholarship and John Curtin Undergraduate Scholarship respectively. These prestigious scholarships are awarded to academically talented students who have excelled in a wide range of endeavours, and have lent their talents and energies to the community around them.

Following the Scholarship Presentation Ceremony, Sanjeev and Ella attended a three day orientation camp with other scholarship winners to network with academic staff, set academic goals and begin planning how they will work with scholars together and individually on a number of community projects to encourage a sense of community outside and within the university.

### BIRTH ANNOUNCEMENT

We share our best wishes to **Michael Olds** (Class of 2007) and his wife Liz, who welcomed their first child, Patrick Cooper Olds, on 15 June 2022.

## Enrolments

Corpus Christi College is a coeducational Catholic College catering for approximately 1780 students from Kindergarten to Year 12.

From January 2022, Corpus Christi College amalgamated with Yidarra Catholic Primary School into one Kindergarten to Year 12 College.

Corpus Christi College has limited vacancies across the College with waitlists increasing as demand for the College has grown post-amalgamation.

We encourage families considering enrolling at the College to apply well in advance of the entry year to avoid disappointment.

### 2022 VACANCIES

Limited places available in the following cohorts:

- 3-Year-Old Kindergarten
- Year 1
- Year 7
- Year 8
- Year 10

### WE WELCOME APPLICATIONS FOR:

- Kindergarten 2024 - 2025 and Year 7 2025
- With limited places available for Year 8-12 2023

We welcome parents to express their interest for their child to attend Corpus Christi College by completing an online application: [www.corpus.wa.edu.au/apply](http://www.corpus.wa.edu.au/apply)

**CORPUS CHRISTI  
COLLEGE**
